

PETITIONS FOR DIVISION

"Division" is the process of reconfiguring tax parcel boundaries. It includes both dividing and consolidating parcels as well as other actions that affect legal descriptions or geographic boundaries of tax parcels.

To apply for division, use the current, official on-line petition form. If a paper copy is required, the three-page form is available at the Division Department or any branch of the Assessor's Office. To file on-line please visit the Assessor's website:

<https://www.cookcountyassessor.com/divisions-consolidations>

Petition Requirements:

1. PAGE ONE: Specify the *existing number of parcels to be divided* and the *desired number of new parcels*. Note the information in spaces provided in the first and second paragraphs of the Petition.
2. PAGES ONE & TWO: *Signatures are required of all parties* to the division. The person who prepares the petition also must provide a signature and contact information.

The petition form provides signature lines for five (5) new tract owners. If more owners are involved, copy Page 2 and amend the Tract Numbers below each signature accordingly. If one person owns all tracts, a single signature suffices, provided the owner notes the range of tract numbers below his telephone number.

3. PAGE THREE: Provide the current *Volume number* and *Permanent Index Number(s)* of the parcels to be divided. The information is available on tax bills.

Mark appropriate boxes if any parcel to be divided currently is tax exempt. Indicate whether the exemption should continue for any new parcel or not.

Please note: Tax exemption is never transferred to a new owner. If an exemption is to be continued on any type of Division, including Petitions, Condominiums, and Subdivisions, a completed Continuing Ownership & Use Declaration after PIN Division, must accompany the petition or Recorded Document. These forms can be obtained and submitted by contacting the Division or Exempt department.

Attachments:
