### **Property Values for Proviso Township Released**

**Cook County** – Cook County Assessor Fritz Kaegi released the initial assessments of residential and commercial properties in Proviso Township.

"I strongly encourage property owners to review their reassessment notice to ensure their property characteristics and market value reflect their home," said Assessor Fritz Kaegi. "It is important to understand that assessments in Cook County reflect market value over the last three years. My office will be hosting a virtual workshop to assist property owners and explain reassessments in their community."

#### **Appeals for Proviso Township can be filed until Monday, October 30, 2023.**

To learn more about property assessments and appeals, watch our upcoming virtual workshop live on [Facebook](#) or [YouTube](#) scheduled on Tuesday, October 10, 2023 from 6:00PM - 7:00PM. View all of our upcoming events at [www.cookcountyassessor.com/event-list](http://www.cookcountyassessor.com/event-list).

The Assessor's Office reassesses one-third of the county every year. In 2023, the south and west suburbs of Cook County are undergoing reassessment. Proviso Township contains all or a portion of the following municipalities within its borders: Bellwood, Berkeley, Broadview, Brookfield, Elmhurst, Forest Park, Hillside, La Grange Park, Maywood, Melrose Park, Northlake, North Riverside, Oak Brook, Stone Park, Westchester, and Western Springs.

When a property is reassessed, the property owner is mailed a Reassessment Notice. **The Reassessment Notice reflects the estimated fair market value based on sales of similar properties over the past three years.** The notice also contains important information such as the property's characteristics, neighborhood code, and past assessments. **An increase in a property's assessment does not cause the same increase in the property owner's taxes.**

After a township undergoes reassessment, a valuation report is released that provides details on residential, commercial, and multi-family reassessments. Property owners can use these reports to gain insight on how property assessments work, learn about the real estate market in their specific neighborhood, and compare the median to their property value. The Valuation Reports for Proviso Township can be found at: [cookcountyassessor.com/valuation-reports](http://cookcountyassessor.com/valuation-reports).

**How do assessment appeals work?** Property owners are given an opportunity to appeal their assessment if the property characteristics listed on an assessment notice are incorrect, or if the estimated market value of a property is significantly more than what it could sell for in the current real estate market.

#### **Residential Properties**

Residential assessments are based on recent sale prices of similar properties. To get a better picture of the real estate market in Proviso Township, the chart below demonstrates median sale prices over the last five years. The median sale price in 2022 for single-family homes was \$278K, \$145K for condos, and \$386K for small apartment buildings.

COOK COUNTY  
**ASSESSOR'S  
OFFICE**

Fritz Kaegi, Assessor

The Assessor's median market value estimate for single-family homes is \$240K, for condos \$122K, and \$312K for small apartment buildings.

**Commercial Properties**

Commercial property assessments are calculated by determining a property's use, estimated income, market-level vacancy, collections loss, and expenses. Applicable real estate operating expenses include property taxes, insurance, repair and maintenance costs, and property management fees. The varying property tax rates throughout the south and west

suburbs were accounted for in operating expense ratios.

To learn more about how commercial reassessments work, read the full Commercial Valuation Report. Commercial and multifamily property owners can go a step further and locate their property on a methodology worksheet that contains the data used to assess their property.
